

Staggered extraction for exact matrix multiplication over every field

Original summary — NOT the original paper or model card.

Repository manuscript; independent validation not established · September 24, 2026 [52]

Authors/source: OpenAI

Coverage: matrix all-fields companion

What the source reports

Companion for every fixed field, with weaker exponent < 2.371054886006746 ; do not substitute universal-field scope for the main complex-field $9/4$ bound. [52]

Managing expectations

Listed in formalization.yaml sources; artifacts inspected, not independently executed. No independent peer-review certification established by these repository materials. This brief reports the manuscript claim; it is not a verification of its proof. [52]
